**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to  
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I have been a subscriber to Sonic fiber internet at my home for over a year. This service has been very reliable, fast and affordable. Changes to access to copper lines owned by others would materially affect our household. I urge the FCC to reject US Telecom's proposed changes to the 1996 Telecommunications Act. These changes would substantially reduce competition and increase the cost of Internet access for homeowners, including my family.
